## PRINCIPAL'S REPORT

The school year is off and running. Lots going on to tell you about. First, in our Professional Learning Community time, we are working on incorporating First Nations Learning into our core competencies in the primary grades and improving learning in mathematics in the intermediate grades. We have concluded our assessments across the grades and will be working with the information gleaned.

As far as safety goes, we have had two earthquake drills, two fire drills and a lockdown/hold and secure practice. On the social-behavioural front, we have initiated our Positive Behaviour Intervention System (P.B.I.S.). We have already had numerous Me to WE initiatives, and our school spirit committee has led a clothing drive as well. We had an extremely successful Terry Fox Run and we raised over 500 lbs. of food for the local food bank. This week, we will have a group attend We Day Vancouver. We have a few friendship groups going through our Child Family Youth Support Worker and our counsellor is busy teaching Zones of Regulation to lots of classes. Great Pumpkin parade raised appx.\$250 for Unicef. After our great Remembrance Day assembly, all the posters and essays were just handed in this week for the Legion contest and we have had quite a few safe walk and bike activities this fall as well..

On the technology front, our google classrooms are up and running. Many classes have added Mathletics to their math program and we have a few more classes supplementing their literature with Raz Kids. Soon, we will have quite a few more chromebooks in the hands of students.

On the extra-curricular front, football and cross country have wrapped up. Volleyball is about to start for the grades 6 and 7's.

Our PAC has their big Craft Fair fundraiser on Friday and Saturday, Nov. 23<sup>rd</sup> and 24<sup>th</sup>. You can support them by baking, helping fill the raffle baskets and/or donating your time. Also, Purdy and Poinsettia sales close on Nov. 21st.

Finally, we have another positive behavior assembly set for Nov. 27<sup>th</sup> and save the date for our Family Movie Night and Christmas craft fair- Dec. 13<sup>th</sup>.

Have a great November,  
Darren Brick

**Admission is one can of food for the food bank!**

Everyone is welcome.

### SNOW CLOSURES

It is that time of year again, when the school district would like to remind parents about school closure procedures. The most common reasons that schools might be closed are dangerous road conditions due to a heavy snowfall or ice.

If you are wondering if schools are open on a particular day, for the most current updates listen to local radio stations (WAVE 102.3 FM and WOLF 106.9 FM) in the mornings.

We also attempt to put an announcement of any school closure on the school district website, [www.sd68.bc.ca](http://www.sd68.bc.ca), and on Twitter and Facebook, but our ability to do so could be affected by such things as power outages and technical issues. If there is no announcement on the website or social media, please be sure to listen to local radio stations. Finally, there is the SD 68 APP that you can sign up for off of the school district website- it would give you up to date messages.

**We would like to remind parents that it is their right to make the final decision as to whether it is safe for their children to travel to school on any given day. While the district strives to make the best decision possible for students across the district, there may be circumstances in your neighborhood that lead you to decide to keep your children home, even though schools are open.**

## RANDERSON RIDGE SAFETY PLAN:

As part of our safety plan, Elementary schools are required to conduct fire drills, earthquake drills, lockdown drills (and we are adding “hold and secure” drills) at various times throughout the school year. These planned drills are important in ensuring that staff and students are aware of how to appropriately respond in the event of a real emergency. If any deficiencies or problems are noted, then changes are made to the plan.

We would like to share information on the following drills so that you are informed of what we are teaching your children.

### **Drill snapshots:**

**FIRE DRILL:** fire alarm is pulled and students exit the building to meet in classes. Attendance is taken and when the “all clear” is given, children return into the school.

**EARTHQUAKE DRILL:** earthquake sounds come on the PA system, students duck and cover, count for 60 seconds, and another 60 seconds (in case of aftershocks), then exit the building to marshal on the field. Attendance is taken and when everyone is accounted for and the “all clear” is given, children return back to the school.

**HOLD AND SECURE/SHELTER IN PLACE:** PA announcement, students remain in the school, instruction continues, exterior doors are locked, and no one is permitted to leave or enter the school until the “all clear” is given.

**LOCK DOWN:** (potential threat within the school) PA announcement, all students and staff proceed to nearest classroom or office, classroom doors are locked (as are exterior doors), blinds lowered and everyone is instructed to stay away from doors and windows and to be silent. Instruction resumes when the “all clear” is given. In addition to the information about our drills, these are the procedures we have in place in the event of a real situation regard-ing potential threats to schools.

**Hold and Secure** will be activated if there is a **potential threat/security concern outside the school** (such as a police incident in proximity of the school). **Shelter in Place** will be activated if there is a potential environmental concern outside the school (such as bear, cougar, gas leak in area). In these situations, the police/conservation officers typically contact the school and direct the school to go into Hold and Secure/Stay in Place. When there is no longer a threat outside the school building, the police/conservation inform us that we can resume regular activities.

If our school is in Hold and Secure, the following procedures will apply:

- All exterior doors will be locked.
- NO ENTRY signs will be placed on each door.
- No one will be permitted to leave or enter the school until school administration announces that Hold and Secure is over.

**Lockdown** will be activated if there is a **potential threat inside the school building**. Again, this procedure is typically by initiated by the RCMP.

If the school is in Lockdown, the following procedures will apply:

Exterior doors are locked

- All students and staff will proceed to the nearest classroom or office.
- All doors to classrooms and offices will be locked and/or barricaded by the supervising adult.
- Students will be kept away from windows and doors and instructed to remain silent and still.
- No one will be permitted to leave their room until the Lockdown is over.

If you hear about a serious emergency at your son/daughter’s school through media reports or other means, **DO NOT PROCEED TO THE SCHOOL. Please DO NOT CALL THE SCHOOL OR YOUR SON/DAUGHTER’S CELL PHONE during an emergency**, particularly in a Lockdown situation where it is critical to remain silent, still, and not draw attention from any threat makers that may be in the building or distract staff from their priority of keeping students safe.
